Good Morning Mr. Benton,

You have been extremely gracious in allotting P66 additional time in responding to the CERCLA 104(e) Information Request (IR) in the above matter. As a follow up to my voicemail message to you this morning, I wanted to confirm that you are willing to allow us a few extra days to submit our response to the EPA. Persons within the company who will be reviewing and signing off on our response are out of the office this week and will not be available until sometime next week. If you are willing, I would appreciate a few more days to submit our response. Our current response date is Monday, June 24. Would you be willing to extend that date until the end of the week, or until Friday, June 28, 2013?

Your consideration and understanding are greatly appreciated.
